Subject: Exciting Changes for Semester 2 in Grade 7 & 8 at ECKS School

Dear ECKS School Families,

We hope this letter finds you well and that the new year has started on a positive note for you and your children. We are writing to share some exciting changes that will be taking place in Grade 7 and 8 for the upcoming Semester 2.

Currently, our teachers move to different rooms to meet the students, but we are shifting back to a model where students will be moving to the teachers. This change is part of our ongoing efforts to enhance the learning experience for our students and better prepare them for their journey into Grades 9-12.

During Semester 2, students will be actively engaged in learning and practicing key skills that are crucial for their academic and personal development including: organization, being prepared, and time management. By focusing on these skills, we aim to empower our students to navigate their educational journey with confidence and success.

Our dedicated team, along with the support of our MCHB and Family-School Liaison Worker (FSLW) teams, will be actively involved in facilitating and supporting this change. We understand that change can sometimes be challenging, but we are confident that this adjustment will provide valuable opportunities for our students to develop the skills they need to excel in their academic pursuits and beyond.

If you have any questions or concerns regarding these changes, please feel free to reach out to us here at ECKS.

Yours in Education,  
Andrea Gutmann  
École Charlie Killam School Principal
